Jerome/Bill,

This email acts as a verbal Cure Notice. You are notified that the Government has concerns regarding Seaward's ability to provide the required Port Operations Services for the subject contract. As of right now Seaward Services, Inc. does not have the personnel to meet all of the requirements of the Performance Work Statement. The Government considers Seaward's inability to staff the contract is a condition that is endangering performance of the contract. Therefore, unless Seaward can cure this condition within 10 days after receipt of this notice, the Government may terminate for cause under the terms and conditions of the Contract Terms and Conditions-Commercial Items Clause, FAR 52.212-4(m) Termination for Cause of this contract.

As the Government has an immediate need to continue Port Operations services at U. S. Naval Station, Guantanamo Bay, Cuba, please provide your plan to staff the contract to meet all of the requirements of the Performance Work Statement no later than 10:00 today. If Seaward does not have the staffing to support normal operations, the Government will use the incumbent contractor as a contingency.
